SHOULDER TITLE FROM THE ENGINEERS

QATAR — KATAR

SINGAPUR — SINGAPOUR — SINGAPORE

COMBAT ENGINEER: gold colour : the sterling qualities of the Engineers, namely their steadfast spirit and durable nature; black colour: our ability to provide continuous support throughout hours of darkness; Castle: the solid construction power of the Engineers as seen in the bridges, fortifications, roads and obstacles often built by them. The interlocking bricks show the strength, endurance and high degree of teamwork required to accomplish engineer tasks; Bayonet: offensive spirit of the Engineers in piercing the enemy defences; twin bolts of lightning: destructive demolition power of the Engineers
